

## Badger Class Code of Conduct

1. Listen to the teacher, teaching assistants and each other.  
You will be reminded using a gesture or a positive comment.  
Sometimes you may need help from an adult sitting beside you.
2. Do not shout out. Put your hand up!  
Just the same as number one, a gesture, a comment or an adult helper.
3. Always try your best.  
If you find it hard to focus you may work with an adult or in a space where it is easier to work hard and try your best.
4. Always be nice to each other.  
An adult will work with you to find out why an incident occurred. They will then help you see how to resolve it and you will have the chance to solve the problem.
5. Always work as a team.  
If you are finding it hard to work in a team an adult will help you by working with you or perhaps moving you to a different team.
6. No running indoors.  
An adult will remind you why it is unsafe to run in school and give you a chance to show just how it should be done.
7. No fighting.  
An adult will work with you to find out why an incident occurred. They will then help you see how to resolve it and you will have the chance to solve the problem.
8. No table perching for adults.  
If you see Mrs Chamberlain or Miss Waring perching on a table, please remind them it is not safe to do so!

It is  
nice to be  
important,  
but it is more  
important  
to be nice.
